, M.D.

RE:

Dear Dr.

As you are aware the patient named above, n, is a participant in our long-range radium study. We are trying to obtain follow-up information for her to update our files.

In July of this year, Dr. contacted you for information and at that time you mentioned she had been hospitalized and would forward a copy of this hospitalization. We have not heard from you and would appreciate any information you might be able to provide as it is vital to the study to collect all medical information available.

Thank you in advance for your consideration. For your convenience, we are enclosing a self-addressed pre-paid envelope for your reply.

Cordially yours,

Gail L. Knasko, ART, CTR
Supervisor, Records
